The 51st International Instrumentation Symposium is sponsored jointly by the Aerospace Industries and Test Measurement Divisions of ISA—The Instrumentation, Systems, and Automation Society. This symposium has become recognized as the outstanding forum for discussion of new and innovative instrumentation techniques, development and applications. The symposium will include, for the first time, paper sessions and presentation sessions (without papers). Papers will be considered for publication in the ISA technical journal. Prospective authors are invited to submit papers in the following areas:

- Measurements/Sensors
- Instrumentation Systems
- Wireless Systems
- Sensors/Detectors for Homeland Security
- Instruments in Physical Science
- MEMS
- Non-Intrusive Measurements
- Data Systems
- Advanced Systems/Sensor Technology
- Intelligent Networks
- T&E of Instrumentation for Environmental Effects
- Student Session with Poster Competition

Guidelines for Submission:

- Intent to Present Application must be submitted electronically and in English.
- PowerPoint® presentations, without a paper, are acceptable.
- Must include a 200-500 word abstract.
- Suggested length limit for papers is 10 pages, including figures and illustrations.
- Papers accepted for publication will require copyright transfer to ISA.

The lead author is the main contact. Submit your electronic Intent to Present Application including abstract online at www.isa.org/ABSTRACTS.

DEADLINES:

15 December 2004
1 February 2005
15 March 2005
